***Good Night, Sleep Tight & Don't
Let the Bedbugs Bite . . .***

*An adage of old,
because if the truth be told,
the bedbugs they spoke of,
is not what you think of . . .*

The 1700's is where it began,

[Subscribe](#)[Past Issues](#)*all knew it well, even back then . . .*[Translate ▼](#)[RSS](#)

*A good bed in which to sleep,
means no back pain and
most certainly one to keep . . .*

*Ropes had to be tightened,
oh so taut,
and care taken
not to get fingers caught . . .
Or pinched by that
very special wrench,
called a "bedbug" because
it can pinch . . .*

*Of course it's well known,
another meaning;
of the adage from which we're
currently gleaning . . .
A little critter will bite you
deep in the night,
if you don't roll in your sheets,
extra, extra tight!*
